

Experience the Wild TEN GRASSFINCH TOUR - Trip Report

Day 1 Monday 22nd September, 2014

Sunday night pre-tour dinner at Stokes Hill Wharf. Left to right - Mike Jarvis (guide), Barry Venables, Phil Straw, Margaret Piefke, Brian Speechley, Paddy Donkin, Donald Findlater. Phil was not a participant on the tour, Neil Brown arrived in the evening so was not at the dinner. Photo taken by Jenny Jarvis.

DAY 1 - DARWIN to PINE CREEK

7.00am Pick up from Darwin accommodation

We started off at East Point and walked the Monsoon Forest track looking for Rainbow Pitta and other monsoon forest specialists. After great views of no fewer than five Rose-crowned Fruit-doves, all had good views of a Rainbow Pitta.

At Sandy Creek we had our first views of Long-tailed Finches and some of the group saw Crimson Finches as well.

We had a picnic lunch at McMinn's Lagoon where most of the likely wetland birds were present. A large group of participants from the Shorebird conference also arrived, ensuring that no feathered species in the vicinity could go unnoticed.

Then we drove down to Pine Creek and managed to find a Red-backed Kingfisher on powerlines in the town. The sports ground yielded one of the highlights for the day which was a pair of Hooded Parrots feeding on the grass. **Finch count 1/10**

Accommodation at Pine Creek Hotel and dinner at the Railway Resort.

Sightings

Date: Monday, 22 September 2014

Location: East Point Reserve

Lemon-bellied Flyrobin *Microeca flavigaster*
 Galah *Eolophus roseicapillus*
 Red-tailed Black-Cockatoo *Calyptorhynchus banksii*
 Sulphur-crested Cockatoo *Cacatua galerita*
 Varied Triller *Lalage leucomela*
 White-bellied Cuckoo-shrike *Coracina papuensis*
 Northern Fantail *Rhipidura rufiventris*
 Silver Gull *Chroicocephalus novaehollandiae*
 Black Kite *Milvus migrans*
 Brahminy Kite *Haliastur indus*
 Brown Goshawk *Accipiter fasciatus*
 Eastern Great Egret *Ardea modesta*
 Eastern Reef Egret *Egretta sacra*

Date: Monday, 22 September 2014

Location: East Point Reserve *continued...*

Australian White Ibis *Threskiornis molucca*
 Forest Kingfisher *Todiramphus macleayi*
 Orange-footed Scrubfowl *Megapodius reinwardt*
 Magpie-lark *Grallina cyanoleuca*
 Shining Flycatcher *Myiagra alecto*
 Australasian Figbird *Sphecotheres vieilloti*
 Yellow Oriole *Oriolus flavocinctus*
 Bar-shouldered Dove *Geopelia humeralis*
 Peaceful Dove *Geopelia striata*
 Pied Imperial-Pigeon *Ducula bicolor*
 Rose-crowned Fruit-Dove *Ptilinopus regina*
 Rainbow Pitta *Pitta iris*
 Masked Lapwing *Vanellus miles*
 Common Greenshank *Tringa nebularia*
 Grey-tailed Tattler *Tringa brevipes*
 Whimbrel *Numenius phaeopus*
 Bush Stone-curlew *Burhinus grallarius*
 Green-backed Gerygone *Gerygone chloronota*
 Large-billed Gerygone *Gerygone magnirostris*
 Grey Whistler *Pachycephala simplex*

Location: Sandy Creek

Torresian Crow *Corvus orru*
 White-bellied Cuckoo-shrike *Coracina papuensis*
 White-winged Triller *Lalage sueurii*
 Brown Honeyeater *Lichmera indistincta*
 Rufous-throated Honeyeater *Conopophila rufogularis*
 White-gaped Honeyeater *Lichenostomus unicolor*
 White-throated Honeyeater *Melithreptus albogularis*
 Paperbark Flycatcher *Myiagra nana*
 Red-collared Lorikeet *Trichoglossus rubritorquis*
 Common Sandpiper *Actitis hypoleucos*
 Tree Martin *Petrochelidon nigricans*
 Long-tailed Finch *Poephila acuticauda*

Location: McMinn's Lagoon

Australasian Darter *Anhinga novaehollandiae*
 Green Pygmy-geese *Nettapus pulchellus*
 Pacific Black Duck *Anas superciliosa*
 Plumed Whistling-Duck *Dendrocygna eytoni*
 Radjah Shelduck *Tadorna radjah*
 Wandering Whistling-Duck *Dendrocygna arcuata*
 Magpie Goose *Anseranas semipalmata*
 Whiskered Tern *Chlidonias hybrida*
 Cattle Egret *Ardea ibis*
 Eastern Great Egret *Ardea modesta*
 Intermediate Egret *Ardea intermedia*
 Pied Heron *Egretta picata*
 Comb-crested Jacana *Irediparra gallinacea*
 Little Black Cormorant *Phalacrocorax sulcirostris*
 Little Pied Cormorant *Microcarbo melanoleucos*
 Magpie-lark *Grallina cyanoleuca*
 Buff-banded Rail *Gallirallus philippensis*
 Dollarbird *Eurystomus orientalis*
 Black-winged Stilt *Himantopus himantopus*

Location: Pine Creek

Great Bowerbird *Ptilonorhynchus nuchalis*
 Little Corella *Cacatua sanguinea*
 Black-faced Cuckoo-shrike *Coracina novaehollandiae*
 Little Friarbird *Philemon citreogularis*
 White-throated Honeyeater *Melithreptus albogularis*
 Straw-necked Ibis *Threskiornis spinicollis*
 Red-backed Kingfisher *Todiramphus pyrrhopygius*
 Magpie-lark *Grallina cyanoleuca*
 Paperbark Flycatcher *Myiagra nana*
 Hooded Parrot *Psephotus dissimilis*
 Red-winged Parrot *Aprosmictus erythropterus*
 Peaceful Dove *Geopelia striata*
 Masked Lapwing *Vanellus miles*
 White-breasted Woodswallow *Artamus leucorhynchus*

Experience the Wild TEN GRASSFINCH TOUR - Trip Report

Day 2 Tuesday 23rd September, 2014

DAY 2 - PINE CREEK to KATHERINE - Breakfast with Gouldians

6.00am We checked out early from our accommodation at Pine Creek and head down to Edith Falls road. Enjoyed a bush breakfast while watching birds coming to drink from a creek. We saw Gouldians including a Red-headed male, Long-tailed, Double-barred, Masked and Crimson Finches as well as Hooded Parrots. At Edith Falls we saw the only Bar-breasted Honeyeater for the trip and had lunch at Katherine at the Hot Springs and saw Apostlebirds and Rufous-throated Honeyeaters.

After lunch we went to Donkey Camp Weir, hoping to see a Great-billed Heron. No GBH but first Banded Honeyeaters for the trip. Then we continued on to Nitmiluk where we saw Great Bowerbirds and a bower. Great Bowerbirds were one of the species we saw everyday.

Donkey Camp Weir

Accommodation at the Beagle Motor Inn at Katherine and dinner at the Savannah Restaurant. Bird call back at our accommodation... Highlights for the day - the Gouldians at Edith Falls Road!!

Finch count - 5/10

Date: Tuesday, 23 September 2014
Location: Edith Falls Road

Rainbow Bee-eater *Merops ornatus*
Great Bowerbird *Ptilonorhynchus nuchalis*
Pheasant Coucal *Centropus phasianinus*
Black-faced Cuckoo-shrike *Coracina novaehollandiae*
Brown Goshawk *Accipiter fasciatus*
White-faced Heron *Egretta novaehollandiae*
Blue-winged Kookaburra *Dacelo leachii*
Leaden Flycatcher *Myiagra rubecula*
Paperbark Flycatcher *Myiagra nana*
Hooded Parrot *Psephotus dissimilis*
Northern Rosella *Platycercus venustus*
Bar-shouldered Dove *Geopelia humeralis*
Peaceful Dove *Geopelia striata*
Weebill *Smicromis brevirostris*
White-throated Gerygone *Gerygone albogularis* Heard
Crimson Finch *Neochmia phaeton*

Date: Tuesday, 23 September 2014
Location: Edith Falls Road continued...

Double-barred Finch *Taeniopygia bichenovii*
Gouldian Finch *Erythrura gouldiae*
Masked Finch *Poephila personata*
Rufous Whistler *Pachycephala rufiventris*
Black-faced Woodswallow *Artamus cinereus*

Location: Edith Falls

Great Bowerbird *Ptilonorhynchus nuchalis*
Torresian Crow *Corvus orru*
Spangled Drongo *Dicrurus bracteatus*
Willie Wagtail *Rhipidura leucophrys*
Black Kite *Milvus migrans*
Collared Sparrowhawk *Accipiter cirrocephalus*
Bar-breasted Honeyeater *Ramsayornis fasciatus*
Brown Honeyeater *Lichmera indistincta*
Dusky Honeyeater *Myzomela obscura*
White-gaped Honeyeater *Lichenostomus unicolor*
White-throated Honeyeater *Melithreptus albogularis*
Forest Kingfisher *Todiramphus macleayii*
Olive-backed Oriole *Oriolus sagittatus*
Red-collared Lorikeet *Trichoglossus rubritorquis*

Location: Katherine Hot Springs

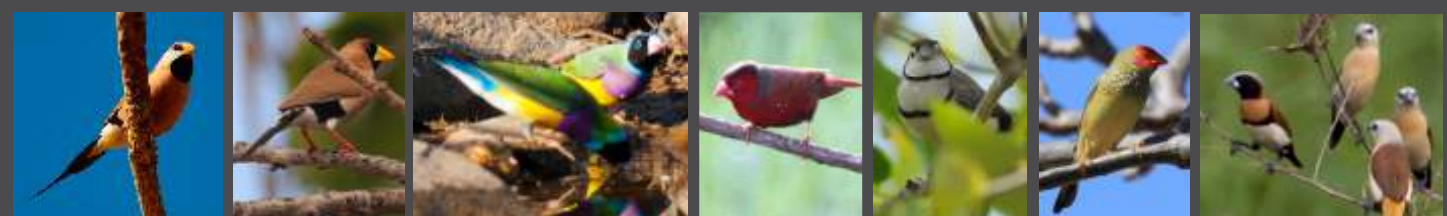

Pied Butcherbird *Cracticus nigrogularis*
Great Bowerbird *Ptilonorhynchus nuchalis*
Mistletoebird *Dicaeum hirundinaceum*
Black Kite *Milvus migrans*
Blue-faced Honeyeater *Entomyzon cyanotis*
Little Friarbird *Philemon citreogularis*
Rufous-throated Honeyeater *Conopophila rufogularis*
Silver-crowned Friarbird *Philemon argenticeps*
Leaden Flycatcher *Myiagra rubecula*
Magpie-lark *Grallina cyanoleuca*
Red-collared Lorikeet *Trichoglossus rubritorquis*
Rufous Whistler *Pachycephala rufiventris*
Apostlebird *Struthidea cinerea*

Location: Donkey Camp Weir

Red-tailed Black-Cockatoo *Calyptorhynchus banksii*
Pheasant Coucal *Centropus phasianinus*
Black Kite *Milvus migrans*
White-faced Heron *Egretta novaehollandiae*
Banded Honeyeater *Cissomela pectoralis*
Blue-faced Honeyeater *Entomyzon cyanotis*
Dusky Honeyeater *Myzomela obscura*
Little Friarbird *Philemon citreogularis*
Rufous-throated Honeyeater *Conopophila rufogularis*
Silver-crowned Friarbird *Philemon argenticeps*
White-gaped Honeyeater *Lichenostomus unicolor*
Australian White Ibis *Threskiornis molucca*
Straw-necked Ibis *Threskiornis spinicollis*
Leaden Flycatcher *Myiagra rubecula*
Shining Flycatcher *Myiagra alecto*
Red-collared Lorikeet *Trichoglossus rubritorquis*
Black-fronted Dotterel *Elseyornis melanops*
Common Sandpiper *Actitis hypoleucos*

Location: Nitmiluk Gorge

Great Bowerbird *Ptilonorhynchus nuchalis*
Torresian Crow *Corvus orru*
Blue-faced Honeyeater *Entomyzon cyanotis*
Sacred Kingfisher *Todiramphus sanctus*

Experience the Wild TEN GRASSFINCH TOUR - Trip Report

Day 3 Wednesday 24th September, 2014

DAY 3 - KATHERINE to TIMBER CREEK - real outback country!

We departed early from Katherine along the Victoria Highway and had a bush breakfast at Chainman Creek. After breakfast we continued towards Timber Creek, stopping at King River and other likely birding locations along the way. One of the highlights was a fully grown Frilled Lizard standing in the shade of the TC 220km marker post.

We had lunch at the Victoria River Access, near Victoria River Roadhouse. Noteworthy sighting here was a Black Bittern.

After checking in at our accommodation at Wirib Tourism Park, Timber Creek we continued on to the Timber Creek Airfield where we saw flocks of probably 300+ finches. These include Yellow-rumped, Chestnut-breasted and Pictorella Mannikins and Star Finches. We called in briefly to Policeman's Point on the way back to Timber Creek and more finches, honeyeaters and two Australian Bustards.

Bill and Julie put on a very nice dinner and dessert for us back at Wirib Tourist Park. **Finch count - 9/10**

L to r: Brian, Neil, Margaret, Mike, Barry, Paddy and Don, after experiencing the finch flock at Timber Creek airfield

Neil and Paddy photographing finches feeding in the grass

Date: Wednesday, 24 September 2014
Location: Chainman Creek

Rainbow Bee-eater *Merops ornatus*

Crimson Finch *Neochmia phaeton*
Double-barred Finch *Taeniopygia bichenovii*

Tawny Frogmouth *Podargus strigoides* at Wirib after dinner

Experience the Wild TEN GRASSFINCH TOUR - Trip Report

Day 4 Thursday 25th September, 2014

DAY 4 - TIMBER CREEK to KATHERINE

We had a bush breakfast at Policeman's Point, four kilometres from Timber Creek, highlight here was the Purple-crowned Fairy-wren. After exploring the area we went back to the airfield, no finches this time but great views of Red-backed Fairy-wrens and Black-faced Woodswallows that practically came to our feet! On the nearby Escarpment Lookout we saw Black-tailed Treecreeper and Grey-fronted Honeyeaters. We heard Sandstone Shrike-thrush but didn't see any.

Black-faced Woodswallow

Early morning at Policeman's Point

We had lunch at the Victoria River Roadhouse and walked over the old bridge. No sign of Purple-crowned Fairy-wrens, no doubt the heat of the day made it unlikely to see them.

We continued straight through to Katherine, staying again at the Beagle Motor Inn and ate at the Escarpment Restaurant. We did the bird call back at the Beagle. Despite searching nearby powerlines around Katherine where I have seen them before, still no Zebra Finches. This is the one species all in the group have already seen in the wild, so we are all happy with the **9/10 final tally for finch sightings.**

Northern Salmon Gum and Boab (with historic carvings) at Bullita Access Road

Date: Thursday, 25 September 2014

Location: Policeman's Point

Australasian Darter *Anhinga novaehollandiae*
 Buff-sided Robin *Poecilodryas cerviniventris* seen by Brian
 Rainbow Bee-eater *Merops ornatus*
 Great Bowerbird *Ptilonorhynchus nuchalis*
 Golden-headed Cisticola *Cisticola exilis*
 Red-tailed Black-Cockatoo *Calyptorhynchus banksii*
 Brolga *Grus rubicunda*
 Torresian Crow *Corvus orru*
 Purple-crowned Fairy-wren *Malurus coronatus*
 Whistling Kite *Haliastur spheonurus*
 Banded Honeyeater *Cissomela pectoralis*
 Brown Honeyeater *Lichmera indistincta*
 White-gaped Honeyeater *Lichenostomus unicolor*
 Yellow-tinted Honeyeater *Lichenostomus flavescens*
 Blue-winged Kookaburra *Dacelo leachii*
 Little Pied Cormorant *Microcarbo melanoleucos*
 Pied Cormorant *Phalacrocorax varius*
 Red-winged Parrot *Aprosmictus erythropterus*
 Australian Pelican *Pelecanus conspicillatus*
 Bar-shouldered Dove *Geopelia humeralis*
 Crested Pigeon *Ocyphaps lophotes*
 Peaceful Dove *Geopelia striata*
 Fairy Martin *Petrochelidon ariel*
 Weebill *Smicromis brevirostris*
 Chestnut-breasted Mannikin *Lonchura castaneothorax*
 Crimson Finch *Neochmia phaeton*
 Double-barred Finch *Taeniopygia bichenovii*
 Masked Finch *Poephila personata*
 Rufous Whistler *Pachycephala rufiventris*

Location: Timber Creek Airfield

 Black-necked Stork *Ephippiorhynchus asiaticus*
 Fairy Martin *Petrochelidon ariel*

Experience the Wild TEN GRASSFINCH TOUR - Trip Report

Day 5 Friday 26th September, 2014

DAY 5 - KATHERINE to DARWIN

6.30am bush breakfast at Gouldian spot on Edith Falls Road. We were treated to some more views of Gouldians, Masked, Long-tailed, Double-barred and Crimson Finches. Hooded Parrots and Cockatiels flew over and a pair of Brown Goshawks were tending to a nest.

Instead of returning to Darwin via Litchfield National Park we went via the Marrakai track and Arnhem Highway in the hopes of seeing some more target species. On the Marrakai we saw a Black-breasted Buzzard. At our lunch location on the bank of the Margaret River we heard but did not see a Buff-sided Robin. At the lagoon near the Adelaide River we saw a 2.5m Johnstone's Crocodile. At the Adelaide River Bridge on Arnhem Highway we saw a female Mangrove Golden Whistler and Broad-billed Flycatcher.

After an unsuccessful search for a reported Rufous Owl at McMinn's Lagoon we returned to Darwin.

By my reckoning we saw a total of 139 species and heard but did not see an additional 7 species.

Our little group had a great time together, quickly settling into a great spirit of camaraderie that contributed greatly to the success and enjoyment of the trip by all.

'Hickey's Beach' Timber Creek - a manmade waterhole for birdwatching

Date: Friday, 26 September 2014

Location: Edith Falls Road

Rainbow Bee-eater *Merops ornatus*
 Cockatiel *Nymphicus hollandicus*
 Galah *Eolophus roseicapillus*
 Pheasant Coucal *Centropus phasianinus*
 Black Kite *Milvus migrans*
 Brown Goshawk *Accipiter fasciatus*
 White-necked Heron *Ardea pacifica*
 Blue-faced Honeyeater *Entomyzon cyanotis*
 Little Friarbird *Philemon citreogularis*
 White-gaped Honeyeater *Lichenostomus unicolor*
 Little Pied Cormorant *Microcarbo melanoleucos*
 Leaden Flycatcher *Myiagra rubecula*
 Magpie-lark *Grallina cyanoleuca*
 Paperbark Flycatcher *Myiagra nana*
 Hooded Parrot *Psephotus dissimilis*
 Northern Rosella *Platycercus venustus*
